---

Objective: Aspiring Software Developer with a solid foundation in programming fundamentals and a passion for developing clean, efficient code. Eager to leverage skills in Python, JavaScript, and SQL to contribute to software development, testing, and maintenance tasks. A quick learner committed to collaborating with teams to deliver high-quality technical solutions

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, TypeScript SQL, HTML, CSS
Frameworks & Libraries: React, Tailwind CSS
Developer Tools: Git, Github, VScode, Postman, Vercel, Cursor, Supabase

EDUCATION

Manakula Vinayagar Institute of Technology (June 2021 – June 2025) Puducherry
Degree (Bachelor of Technology) in CSE CGPA – 7.6
Amalorpavam Higher Secondary School
Higher Secondary Course (HSC) Percentage - 87%
Secondary School Leaving Certificate (SSLC) Percentage - 82%

PROJECTS

Project 1:
- **Title: Internship Management System** (internbyte.com)
- **Abstract:** Internbyte is a comprehensive internship management platform designed to streamline student onboarding, course management, and academic tracking. It features secure authentication, real-time database integration, and automated certificate generation. The system supports attendance tracking, quizzes, and instructor management with a responsive, mobile-first interface. This project simplifies administrative tasks for colleges and students, enhancing efficiency in internship programs.
- **Language used:** Next.js (React framework) with TypeScript for the frontend and SQL for database
- **My Role:** Frontend Developer

Project 2:
- **Title:** Travel Industry CRM Platform
- **Abstract:** A comprehensive Customer Relationship Management system designed specifically for the travel and tourism industry. It streamlines Quotes management, Leads management, Follow ups, invoice generator, and travel itinerary tracking through an integrated platform. The system enables travel agencies and operators to efficiently manage client relationships, automate workflows, and enhance customer engagement while maintaining centralized access to booking history, preferences, and communication logs. Built with modern web technologies to provide a scalable, user-friendly solution for travel business operations.
- **Language used:** TypeScript
- **My Role:** Frontend Developer

EXPERIENCE & CERTIFICATES

Certificate – Campus to Technical Careers Training Program (Capgemini, TNS india Foundation), Python Basics(certiport), Skill a thon 2024,

Internship -- Full Stack Development intern for 2 weeks in VEI Technologies Pvt Ltd.

Frontend Development Intern, Tripmilestone Tours Pvt Ltd (6 months)
Developed and maintained responsive user interface components for the **tripxplo.com** platform using React and Tailwind CSS. Collaborated with senior developers on coding and debugging tasks to improve website performance and user experience. Participated in team meetings to understand business requirements and contribute to technical solutions.

ADDITIONAL INFORMATION

- **Achievement** – Typewriting-Distinction (Senior), Published conference paper in IEEE (ICDSBS 2025)
- **Extra-curricular activities**: Participated in NSS activities like cycle rally and NCC Air Force
